- 3 Baldrige examiners from Alabama volunteered $67,500 in services in 2018.

Alabama Performance Excellence Program

The Alliance for Performance Excellence (www.BaldrigeAlliance.org) is a nonprofit national network of Baldrige-based organizations with a mission to grow performance excellence in support of a thriving Baldrige community. Alliance members include Baldrige-based programs that use the Baldrige Excellence Framework to serve organizations from all sectors in their region, state, or a specific industry. These programs annually evaluate and recognize over 1,000 organizations and serve as the feeder system for the national Baldrige Award.

The Alabama Performance Excellence Program (www.uab.edu/alabamaexcellence) supports Alabama organizations seeking to achieve unprecedented levels of quality and performance. A means of this support is an award program modeled after the Malcolm Baldrige National Quality Award. Using the Baldrige Excellence Framework Criteria, a team of volunteer examiners evaluates organizations and provides detailed feedback that can be used to improve processes and results. As organizations grow and improve, their communities benefit from increased revenue and job opportunities as well as improved health care, education, manufacturing, small businesses, non-profits, and government products and services.
