Created with Congressional authorization in 1987, the Baldrige Program helps organizations improve and succeed in the global marketplace. It is the only public-private partnership and Presidential award program dedicated to improving U.S. organizations. In collaboration with the Baldrige community, the Baldrige Program offers a systems approach to organizational excellence, award-winning leadership development, self-assessment tools, organizational assessments by trained experts, workshops on how to improve, and events that showcase best management practices.

The data presented below, in some cases, are estimates of the best available information.

**Arkansas Governor’s Quality Award**

The [Alliance for Performance Excellence](https://www.apexref.org/) is a nonprofit national network of Baldrige-based organizations with a mission to grow performance excellence in support of a thriving Baldrige community. Alliance members include Baldrige-based programs that use the Baldrige Excellence Framework to serve organizations from all sectors in their region, state, or a specific industry. These programs annually evaluate and recognize over 1,000 organizations and serve as the feeder system for the national Baldrige Award.

The [Arkansas Institute for Performance Excellence](https://www.arkinstitute.com/) works to advance performance improvement for organizations in Arkansas through training, assessment, and recognition. Using the Baldrige Excellence Framework as a foundation, the program offers training in ISO, cybersecurity, strategic planning, and award application writing. The Governor’s Quality Award provides statewide recognition with assessment and feedback.

Success Stories

Founded in 1922 as the Springdale Water Improvement District, Springdale Water Utilities (SWU) serves over 105,000 persons in five municipalities in Washington and Benton counties. The utility is a municipally owned, nonprofit organization and works closely with the City of Springdale and the mayor, but it is completely rate supported and receives no tax revenue to operate. Water sales revenues are used to operate and maintain water distribution and sewer collection systems. SWU employs 110 people and prides itself in running the utility as a competitive business.

Founded in 1993, DD&F Consulting Group is a full-service bank consulting company with a national practice. DD&F’s mission is to help make its clients successful, believing that if it helps its clients succeed, it will be successful. DD&F offers a wide range of services in the areas of strategic & regulatory services, mergers & acquisitions, bank performance, and risk management.
