Created with Congressional authorization in 1987, the Baldrige Program helps organizations improve and succeed in the global marketplace. It is the only public-private partnership and Presidential award program dedicated to improving U.S. organizations. In collaboration with the Baldrige community, the Baldrige Program offers a systems approach to organizational excellence, award-winning leadership development, self-assessment tools, organizational assessments by trained experts, workshops on how to improve, and events that showcase best management practices.

The Midwest Excellence Institute was established in 1992. It is a 501(c)(3) not-for-profit educational organization funded entirely by memberships and income-generating activities. The Foundation is led by a Board of Directors consisting of key business, education, government, and health care leaders.
