Baldrige-Based Award Programs Serving Massachusetts

The [Alliance for Performance Excellence](#) is a nonprofit national network of Baldrige-based organizations with a mission to grow performance excellence in support of a thriving Baldrige community. Alliance members include Baldrige-based programs that use the Baldrige Excellence Framework to serve organizations from all sectors in their region, state, or a specific industry. These programs annually evaluate and recognize over 1,000 organizations and serve as the feeder system for the national Baldrige Award.

[Partners in Performance Excellence](#), an Alliance for Performance Excellence member, helps organizations across New York, Massachusetts, Connecticut, and Rhode Island become more effective, competitive, and sustainable through the use of the proven Baldrige principles for performance excellence. By providing high-value and personalized assessments, training, benchmarking, networking, and recognition, we enhance the growth of jobs and economic prosperity in our region.

The [AHCA/NCAL National Quality Award Program](#), an Alliance for Performance Excellence member, provides a pathway toward performance excellence for providers of long-term and post-acute care services. The program is based on the core values and criteria of the Baldrige Performance Excellence Program.

- Over 4 years, **100% of customers surveyed would recommend the company** to others (Stellar Solutions)

The Baldrige Performance Excellence Program

Created with Congressional authorization in 1987, the Baldrige Program helps organizations improve and succeed in the global marketplace. It is the only public-private partnership and Presidential award program dedicated to improving U.S. organizations. In collaboration with the Baldrige community, the Baldrige Program offers a systems approach to organizational excellence, award-winning leadership development, self-assessment tools, organizational assessments by trained experts, workshops on how to improve, and events that showcase best management practices.

The data presented, in some cases, are estimates of the best available information.
